Heidolph Package Heat-On Multi-Well

€1,062.00
plus VAT &
Shipping

Product Images

Description

This package includes the Multi-Well holder and 6 inserts for small round bottom flasks. The Heat-On inserts are each for two 25, 50 and 100 ml round-bottom flasks, which can be accommodated in the Multi-Well holder up to two at a time. The maximum temperature for continuous use is 260°C. In order to measure this accurately by means of a temperature probe, a small hole is provided on one side of the Multi-Well holder. The safety handles are optional and therefore sold separately.
