## Description

---

This package includes the Multi-Well holder and 3 inserts for small round-bottom flasks. The Heat-On inserts are for 25, 50 and 100 ml round-bottom flasks respectively, which can be accommodated in the Multi-Well holder up to two at a time. The maximum temperature for continuous use is 260°C. To measure this accurately by means of a temperature probe, a small hole is provided on one side of the Multi-Well holder. The safety handles are optional and therefore sold separately.
