**€45.00  
plus VAT &  
Shipping**

## Product Images

## Description

---

- Handy girth gauge with practical pull-out mechanism
- Continuously extendable measuring tape for precise determination of the body circumference
- Ideal for determining the WHR (Waist-to-Hip-Ratio), which can provide information about the distribution of the body fat depot by indirectly determining the abdominal fat tissue
- Useful diagnostic instrument
- With integrated retraction mechanism
- Easy to use:
  - - Pull out measuring tape
  - - Hook it into the provided recess
  - - Operate retraction mechanism
  - - Read off measured value with millimeter precision
- Measuring tape length: 2050 mm
- Net weight approx. 0.045 kg
- Note: This model is only supplied in sets of 5, i.e. the price given in the table refers to a delivery of 5 pieces each. Individual delivery not possible
