## neolab® magnetic stir bar retainer

**€23.10**  
**plus VAT &**  
**Shipping**

### Product Images

## Description

---

With the retaining magnet, magnetic stirring bars now stay in the vessel!

The retainer prevents the loss of magnetic stir ring bars in the sink and the risk of splashes when pouring. Simply place it against the vessel wall: the magnetic stirring bar is attracted by the strong magnet and remains in the vessel. After emptying the vessel, the rod can then be easily removed.

Particularly handy, for all magnetic stirring bars up to 80 mm in length.

Easy to clean.

## Additional Information

---

No.	6-1179
Manufacturer (Brand)	neoLab
EAN	4058072024826
Transport temperature	Room temperature
