Description

The accessories and consumables for the OmniaTap and OmniaPure ultrapure water systems ensure consistently high water quality. All Omnia ultrapure water systems are supplied as standard with a pretreatment cartridge, an ultrapure water cartridge and a sterile filter capsule, which should be replaced at regular intervals. Pretreatment cartridges The pretreatment cartridges for the filter minerals, salts and coarse contaminants from the drinking water in the OmniaTap systems and the precleaned feed water in the OmniaPure systems. As an alternative to the standard pretreatment cartridges for normal water hardness, a cartridge for particularly hard water is available on request for all models. Order No. 2-1232: Suitable for OmniaTap 6
