Description

During autoclaving or sterilization, labels for successful verification and identification must not be missing. With the **indicator** labels, instruments, devices, containers and waste bags can be easily and professionally marked.

The labels seamlessly document sterilization or autoclaving processes for the highest quality.

- double self-adhesive: separation into top and backing material as peel-off aid
- Single labels in dispenser box
- with STEAM and EO indicator
- size: 80 x 34 mm (single label), 250 pieces each in dispenser box
