Description

labtable Weighing Tables with Granite Plate

A specially designed table to reduce vibration and ensure stable position is essential for analytical weighing in the laboratory. The heavy granite plate on rubber plugs ensures a precise base for accurate results. The influence of micro-vibrations in the building is gently cushioned.

The **labtable weighing tables** ensure a high load-bearing capacity and a robust stand due to the stable steel construction.

Additional Information

No.	G-0009
Manufacturer (Brand)	labtable
EAN	4058072254292
Transport temperature	Room temperature
Color	White
Wide	1200 mm
Height	750 mm
Length	600 mm
Depth	600 mm
Tables features	Chemical resistant
Material plate	Granite
Dimensions weighing plate	450 x 500 x 50 mm
Type Shipping / Delivery Cost	Special shipping fee
