### Product Images

## Description

---

The **neoLab Hygiene PC keyboards** are the ideal solution for cleanrooms, hygiene laboratories, hospitals and other areas where cleanliness and disinfection play a major role. In addition, the keyboards have the speed and standard that normal office keyboards have.

**IP 68 key** boards are made of silicone and are completely sealed, allowing them to be wiped down, sprayed down, and even completely immersed in standard disinfectants. This ensures the highest level of cleanliness.
