### Product Images

## Description

---

The Sunlab Rotator "Digi Mixer" is the practical solution for shaking or inverting powdery or liquid samples intensively or gently. Speed, time and amplitude are variably adjustable in 10 different programs. With the large LCD display, you have all parameters at a glance. Up to 99 rpm adjustable.

Easy to use and versatile. The Digi Mixer is lightweight and can therefore be easily placed in different areas. You can put the Digi Mixer into operation on the workbench, in the cold room, in the incubator or in the safety cabinet. Temperatures between 4–65 °C and humidity up to 80 % (at 20 °C) do not affect the Digi Mixer.

The combination rack for 1.5, 5, 15 and 50 ml is included with the Digi Mixer. Additional racks for reaction vessels of different volumes are available as accessories. These can be shaken vertically, horizontally or variably.

Dimensions: approx. 42 x 15 x 19 cm (L x W x H)

## Additional Information

No.	D-8801
Manufacturer (Brand)	sunlab
EAN	4058072085520
Transport temperature	Room temperature
autoclavable at 121°C	No
Speed MAX	99 rpm
Color	white black
sterile	No
Wide	150 mm
Height	190 mm
Length	420 mm
Depth	420 mm
Operation via	Membrane keypad
Voltage	12 V
for ambient temperature	4 to 60 °C
Stirrers and rotators features	programmable with infinitely variable speed control with timer with continuous function
Movement	rotating rocking
Speed MIN	1 rpm
Number of speed levels	stepless
Attachment is suitable for	Reaction vessels and centrifuge tubes. 20 x 1.5/2.0 ml. 8 x 5.0/15 ml. 2 x 50 ml (D-8801)
Attachment is suitable for type vessel	Reaction vessels Centrifuge tubes
Capacity essay	30
Layer tube	variable
Maximum relative humidity at 20 °C	80.0 %
Model Shaker/ Rotator	Sunlab Rotator "Digi Mixer" (D-8801)
Sunlab® Model number	Rotator SU1801
Shaker type	Rotator/ overhead shaker rocking shaker
