## Description

- The KERN OZM-9 includes outstanding stereo zoom microscopes with above average optical performance
- The 4.5W LED ring illuminator included as standard ensures optimal illumination of your specimen
- In addition to the long working distance, an extra large field of view and its brilliant resolution, the KERN OZM-9 delivers true color and depth of field images with high contrast
- The zoom objective allows you to magnify continuously from 7×-45×
- You can choose between a binocular model and a trinocular model for connecting a camera for documentation and quality reports
- The ball bearing double arm universal stand gives you smooth, precise and easy adjustment in the horizontal axis
