Product Images

Description

Wiggens **oil-free piston vacuum pumps** with innovative electronic and mechanical technology. With modern design concept, they feature the compact design and light weight. Maintenance-free, safe and convenient.

Features

No air pollution.

Vacuum pumps operate without lubricants, regular oil changes and maintenance. No oil pollution.

Moisture trap with filter cartridge

The piston pumps are equipped with a filter cartridge in the air inlet to filter particles and moisture, and to extend the life of the pump.

Vacuum regulator

The oil-free piston pumps are equipped with a vacuum regulator to adjust the vacuum.

Thermal protection device

Each motor is equipped with a built-in thermal protection device to automatically shut down the pump when it overheats and turn it back on when the temperature cools down.

Applications

- Biological laboratories
- Food industry
- Microbiological detection
- Vacuum extraction
- Liquid filtration
- Vacuum drying
- Measurement of suspended solids

Additional Information

No.	WI-1533
Manufacturer (Brand)	Wiggins
old neoLab article no.	F-1016
EAN	4058072163426
Transport temperature	Room temperature
autoclavable at 121°C	No
Wide	247 mm
Height	200 mm
Depth	235 mm
Weight	5.5 kg
Volume	50 dB
Voltage	230 V
Pumps and suction systems Features	oil-free
Application pump	Evacuate / Suction
Number of steps	1
Pressure MIN	150.0000 mbar abs.
Functionality	electric
MAX flow rate [l/min]	28 l/min
Power	125 W
Type pump	Piston pumps
for medium	Air/Gases/Vapors
