Product Images

Description

- KERN analytical balance ADJ 200-4: Compact, space-saving analytical balance with a readability of 0.1 mg and a weighing range of 210 g. The high accuracy saves money wherever valuable gemstones are weighed
- CAL adjustment program for setting the accuracy using an external test weight
- Level indicator and foot screws for precise leveling of the balance as standard, ensuring extremely accurate weighing results
- Large glass draft shield with 3 sliding doors for convenient access to the sample to be weighed
- Compact dimensions, advantageous where space is limited
- Simple and convenient 6-key operation

Additional Information
