request  
plus VAT &  
Shipping**

### Product Images

## Description

---

Heavy industrial standard suitable for rough industrial use Weighing plate screwed from above, thus easy to remove and hygienic and easy to clean Weighing bridge: Steel, painted, extremely resistant to bending due to high material thickness. Dust and splash water protection IP67, 4 silicone coated steel load cells. Weighbridge as component also available without indicator, KXP V20 IP67 Convenient leveling of the weighbridge as well as access to the junction box from above Indicator: Stainless steel, dust and splash protection IP68, for industrial applications, hygienic and easy to clean, with integrated power supply. Evaluation unit as component also available without weighing bridge, KXS-TM table base incl. wall bracket for evaluation unit as standard Totalizing weight values and counting parts Thanks to interfaces such as RS-232, RS-485 and Bluetooth (optional), the scale can be easily integrated into existing networks and facilitates data exchange between scale and PC or printer Note: For verified scales, the weighing bridge must be fixed to the floor. Optionally by two drive-on ramps or two pairs of foot plates or a combination of both. Note: Only the installation of a cable-connected option is possible. Either data interface RS-232 or foot switch Shipping by forwarding agency. Dimensions, gross weight, shipping costs please inquire Our large and heavy KERN floor scales are shipped in a sturdy wooden crate for safe transport and protection of the measuring equipment

## Additional Information

---

No.	KP-0163
Manufacturer (Brand)	KERN
EAN	4058072124694
Transport temperature	Room temperature
Color	light gray dark gray
Readability	500 g
Operation via	Membrane keypad
Energy supply	Power grid
Weighing range MAX	1 t
Manufacturer	CORE
Type scale	Floor scale
