Product Images

Description

- Suitable for harsh industrial use
- Platform: all stainless steel, silicone coated stainless steel load cell, IP68 dust and splash protection. Substructure in wing design, extremely resistant to bending. Weighing plate grounded to reduce static charge
- Evaluation unit: stainless steel, dust and splash water protection IP68, integrated power supply unit
- Suitable for the increased hygienic requirements in the food industry
- Wall mounting bracket for wall mounting of the indicator as standard
- Superior display size: digit height 55 mm. Brightly backlit for easy reading of the weight value even in poor lighting conditions
- Interfaces such as RS-232, RS-485 and Bluetooth (optional) make it easy to integrate the scale into existing networks and facilitate data exchange between the scale and a PC or printer
- ESD discharge for protection against electrostatic discharge, e.g. for electrostatically charged weighing objects or persons working with the scale
- Easy to use KERN menu structure with intuitive printout of weighing results
- Note: Only the installation of a cable-connected option is possible.
- Either data interface RS-232 KERN KXS-A04 or foot switch KERN KXS-A03

Additional Information

No.	KP-5494
Manufacturer (Brand)	KERN
EAN	4058072150051
Transport temperature	Room temperature
Color	light gray|dark gray
Readability	5 g
Operation via	Membrane keypad
Energy supply	Power grid
Material weighing plate	Stainless steel
Weighing range MAX	30 kg
Manufacturer	CORE
Type scale	Industrial scale
