Description

- Heavy duty industrial standard suitable for harsh industrial use
- Platform: stainless steel weighing plate, painted steel base, silicone-coated aluminum load cell, dust and splash water protection IP65, base in wing design, extremely bending resistant
- Evaluation unit: stainless steel, dust and splash water protection IP68, for industrial applications, hygienic and easy to clean, with integrated power supply. Wall mounting bracket as standard.
- Evaluation unit can be positioned in many ways: e.g. free-standing or screwed to the wall
- Superior display size: digit height 55 mm. Brightly backlit for easy reading of the weight value even in poor lighting conditions
- ESD discharge for protection against electrostatic discharge, e.g. for electrostatically charged weighing objects or persons working with the scale
- Thanks to interfaces such as RS-232, RS-485 and Bluetooth (optional), the scale can be easily integrated into existing networks and facilitates data exchange between the scale and PC or printer
- Note: Only one cable-connected option can be installed.
- Either data interface RS-232 KERN KXS-A04 or foot switch KERN KXS-A03

Additional Information

No.	KP-4519
Manufacturer (Brand)	KERN
EAN	4058072141349
Transport temperature	Room temperature
Color	light gray/dark gray
Readability	2 g
Operation via	Membrane keypad
Energy supply	Power grid
Material weighing plate	Stainless steel
Weighing range MAX	15 kg
Manufacturer	CORE
Type scale	Platform scale
