Product Images

Description

- Suitable for rough industrial use
- Scale completely made of stainless steel
- Load cell stainless steel, silicone coated. Note: Silicone is not suitable for contact with aggressive media such as acids etc. or permanent use in wet areas.
- Stand for raising the indicator, standard, for models with weighing plate size
- Stand height approx. 200 mm
- Tripod height approx. 400 mm
- Level indicator and foot screws for exact leveling of the scale as standard, thus most accurate weighing results

Additional Information
