### Product Images

## Description

---

Accurate counting: Automatic reference optimization gradually improves the average value of the part weight  
Programmable via keypad: – desired reference piece count – known reference weight  
Three displays for weight indication (verifiable), reference weight, total piece count  
Counting total memory: for adding up equal counting parts in total piece and total weight  
Acoustic fill-to-target: target piece count or target weight programmable, e.g. for checkweighing. When the target value is reached, a signal sounds  
PRE-TARE function for manual pre-drawing of a known container weight, useful for fill quantity checks  
High mobility: thanks to battery operation (optional), compact, flat design and low dead weight, suitable for use at several locations (production, warehouse, shipping, etc.)  
Two scales in one: switch from counting mode to weighing mode at the touch of a button  
Protective work cover included in delivery  
Note: Official verification is mandatory for commercial use

## Additional Information

---

No.	KP-0321
neoGreen	No
Manufacturer (Brand)	KERN
EAN	4058072125202
Transport temperature	Room temperature
autoclavable at 121°C	No
Color	light gray/dark gray
sterile	No
Readability	100 mg
Operation via	Membrane keypad
Energy supply	Power grid
Material weighing plate	Stainless steel
Weighing range MAX	6 kg
Manufacturer	CORE
Type scale	Counting scale
