Product Images

Description

- NEW: CORE DAB 200-2! Version with lower resolution, reaching the shutdown criterion faster, saving time. Ideal for quick tests and spot checks
- Backlit graphic display, digit height 14 mm
- Drying process active
- Active heating profile
- Active switch-off criterion
- Drying time to date
- Current temperature
- Current moisture content in
- Halogen quartz glass heater 400 W
- Viewing window on the sample, very helpful for initial settings
- Balance internal memory for automatic running of 15 drying programs and 5 drying processes performed
- The last measured value remains on the display until it is overwritten by a new measurement
- 50 sample pans included
- Application manual: On the internet you will find a practical application manual for each KERN moisture analyzer with many examples, field reports, settings and tips
- Tip: Faster, more precise, more comparable results – this is how you get the most out of your KERN moisture analyzer!
