Description

Dosys™ laboratory self-filling syringes

Socorex laboratory self-filling syringes offer a wide range of precision instruments for safe and reliable fluid dispensing.

Product benefits

- Optimal balance and user comfort
- Fast and reliable volume selection
- Excellent reproducibility
- Piston density without O-ring
- High chemical resistance
- Easy disassembly and maintenance
- Fully assembled autoclavable at 121°C
- One year warranty.

The **Automatic Self-Filling Syringes with 2-ring handle** are excellent for applications in vertical working position such as serial dosing in narrow tubes or containers with recesses.

Dosys™ 162 basic

Automatic syringe without valve system. Luer lock attachment. Volume range from 0.1 to 5 ml. Packaging includes syringe, PVC protective sleeve and instruction manual.

Additional Information

No.	SR-0260
