Description

Bottle Top Dispenser Calibrex™ universal 520

The simple but ingenious design of the bottle top dispenser allows the user to handle it comfortably. The volume is adjusted by rotation. The dispensers fit a variety of reagent containers and bottles, ensuring safe liquid dispensing under state-of-the-art dispensing technologies. The dispensers offer universal chemical compatibility.

Three models, cover volume ranges from 0.25 to 10 ml.

- Chemically resistant materials
- Long-term stability of performance
- Optimal user comfort
- Robust simple construction
- Fast volume adjustment
- Easy recalibration
- 360° rotation possible
- Fully assembled autoclavable at 121°C
- QR code for chemical resistance table
- Two-year warranty.

Optional (part no. 7-7453 to 7-7455)

Fixed models with a user-defined volume are also available. The volume selected depends on the respective volume ranges.

Additional Information

No.	SR-0179
