## Description

---

**Pipette packages (model manual 825/835)** for a wide range of volume combinations for all requirements in research and routine areas.

Cost-effective alternative to individual purchases.

**Socorex Acura® manual** microliter pipettes have been developed with the highest customer demands in mind and guarantee convenience and reliable results in both routine and complicated pipetting processes. The pipette line is equipped with a precision adjustment mechanism and is continuously adjustable up to a very fine volume resolution. The extremely smooth volume adjustment allows simultaneous one-hand operation. The drop is adjustable in length. Sensitive click-stops, together with the freely rotating Smartie push-button cap, ensure extreme stability of volume adjustment within pipetting operations.

- Excellent ergonomics
- Smooth operation of all functions
- Unsurpassed performance and durability
- Adjustable ejection\* for the most common tips
- Integrated In-Lab calibration system Swift-Set\*
- Shock and UV light resistant, autoclavable
- CE certified IVD 98/79 EC
- Three years warranty

\* Socorex patented

## Additional Information

---

No.	SR-0469
