Description

Pipette packages (model manual 825/835) for a wide range of volume combinations for all requirements in research and routine areas.

Cost-effective alternative to individual purchases.

Socorex Acura® manual microliter pipettes have been developed with the highest customer demands in mind and guarantee convenience and reliable results in both routine and complicated pipetting processes. The pipette line is equipped with a precision adjustment mechanism and is continuously adjustable up to a very fine volume resolution. The extremely smooth volume adjustment allows simultaneous one-hand operation. The drop is adjustable in length. Sensitive click-stops, together with the freely rotating Smartie push-button cap, ensure extreme stability of volume adjustment within pipetting operations.

- Excellent ergonomics
- Smooth operation of all functions
- Unsurpassed performance and durability
- Adjustable ejection* for the most common tips
- Integrated In-Lab calibration system Swift-Set*
- Shock and UV light resistant, autoclavable
- CE certified IVD 98/79 EC
- Three years warranty

* Socorex patented

Additional Information

No.	SR-0470
Manufacturer (Brand)	Socorex
old neoLab article no.	7-7290
EAN	4066292207974
Transport temperature	Room temperature
autoclavable at 121°C	No
Microliter pipettes features	IVD Compliant
Number of channels	1
Functionality	mechanical
Scope of delivery	Three Acura® manual pipettes (825 or 825/835 models, depending on the set), Qualitips® tip sample, inspection certificate, operating instructions, silicone grease
Model Microliter pipette/ Dispenser	Socorex Acura manual
Type Microliter pipette (design)	Air cushion pipette
