Product Images

Description

The refill variant for Gilson PIPETMAN® Filtertips Diamond®, sterile, in blister packaging.

Filtertips can help prevent aerosol contamination.

Gamma-sterilized, free of detectable RNases, DNases, DNA, RNA, and ATP.

Individually packaged racks with color coding compatible with Gilson pipette models.

For maximum cleanliness and ease of use.

Simply remove the cover foil from the packaging and transfer the ready-to-use rack with tips into the corresponding box.

Blister Refill™

Sterile, color-coded sealed.

10 trays individually packed with 96 tips each
