Description

The Cryomaster® chest racks for sample storage in freezers.

Precise manufacturing from high-quality stainless steel enables optimum use of space with maximum stability in your freezer. The integrated retaining rod prevents the boxes from falling out of the chest rack. A convenient folding handle is located on the top of the chest rack for easy removal. The compartment dimensions are suitable for the internationally common box dimensions of 133 x 133 x 50 mm (L x W x H).

The capacity of this chest rack is 10 boxes.
