Description

Sterile Klercide™ Sporicidal Low Residue Peroxide; Biocide

In microbiologically controlled areas, **disinfectants** are among the most important consumables.

The Klercide range of **sterile biocides** for hard surfaces in various product formats and variants are manufactured in a clean room environment. Mixture of 6% hydrogen peroxide solution and deionized water (DI), low residue.

(spectrum of activity according to: EN 1276 bacteria / EN 13697 bacteria and fungi / EN 14476 viruses / EN 1650 yeast fungi / EN 13704 spores). The biocide is filtered at 0.2 micron and sterilely filled in a laminar flow box of class A. Triple packaging takes place in a Class B clean room.

Recommended Use:

- Class A: Very suitable
- Class B: Very suitable
- Class C/D: Suitable
- Not classified: Suitable

Active ingredient

Contains 6% hydrogen peroxide, which has a sporicidal effect during prolonged contact.

Additional Information

No.	1-6734
Manufacturer (Brand)	Ecolab
EAN	4058072189075
Volume	5000 ml
sterile	Yes
Detergent properties	fragrance-free fungicide disinfectant bactericide
Medium/ Consistency	Liquid
Special cleaner for cleaning (objects/ devices)	Cleanrooms
Type detergent	Disinfectant cleaner
bottled in	Canister
