Product Images

Description

With the **neolab-UV Hygiene Control Set**, you have full control over the disinfection and cleaning success in your laboratory. Especially when working with sensitive samples (e.g. cell culture) or in other areas where a high level of cleanliness is required, ensuring hygiene is essential. With the fluorescent dye and the UV hand lamp, it is easy to check whether the cleaning or disinfection procedure has been carried out qualitatively.

Scope of delivery:

Hygiene stamp, 30 ml fluorescent dye for filling the stamp, 30 ml fluorescent dye as pump spray, UV marking pen, black light flashlight, 50 ml Bacillol AF disinfectant, training CD-ROM with presentation on application.
