Product Images

Description

The SILENTO UNO disposable hearing protection plugs, which are to be preformed, are made of a soft, stretchable and independently re-deforming polyurethane foam (PU). Due to their conical shape, they are very easy to insert into the ear canal and offer excellent wearing comfort thanks to good adaptability. In the ear, the foam plug expands to provide a secure and comfortable fit. Dispenser box with 200 pairs. - easy insertion into the ear canal due to conical shape - excellent wearing comfort due to good adaptability - also well suited for longer wearing duration - permanently comfortable fit and optimum protective effect - design: disposable hearing protection without cord - material: PU foam - color: neon green - weight: 1 g (per pair) - dimensions: 27 x 12 mm - packaging: 1-pair poly bag (1 PU = 200 pairs) - attenuation value: SNR = 36 dB - standards/approvals: EN 352-2:2002
