**Bürkle® close-it tape, WxL 95 mm x 50 m, white,
unprinted**

€66.15 As low as
€59.15
**plus VAT &
Shipping**

Description

In addition to the individually removable close-it and close-it food pharma closure labels, our tried and tested control seal is now also available on a continuous roll. This means you can decide for yourself whether you only need a small piece, e.g. to close a small hole or to mark a specific spot. Or whether you want to quickly and easily repair a long crack or a large hole reliably. With its extremely strong adhesive force, close-it tape holds on a wide variety of surfaces where the adhesive effect of normal adhesive tape quickly reaches its limits. For universal use, the adhesive tape close-it tape is white and printed with guide lines. It is smudge-proof and provides a gas-tight seal. Available in the classic close-it version and as close-it tape food pharma, with an adhesive approved for foodstuffs. Individually adaptable Various designs For larger holes or even longer tears in containers
