Description

Quintix® makes working in the lab even more fun. Intuitive touchscreen operation combined with high-precision weighing technology make Quintix® laboratory balances the first choice when the best measurement results are required. Benefit from optimized workflows with the easy-to-use applications. If you need GLP-compliant documents or protocols, the 'Plug & Work' technology of Quintix® laboratory balances will save you considerable time and effort. New user interface and color touchscreen for error-free, intuitive operation of the balance without tossing around thick manuals. Integrated application programs and intuitive operator guidance to increase efficiency in everyday laboratory work. Highest accuracy and convenient functionality thanks to the internal fully automatic adjustment function (isoCAL). What's included: Universal power adapter, protective cover for operation, application guide, dust cover (for analytical balances only).

Additional Information

No.	ST-8727
Manufacturer (Brand)	Sartorius
VGKL number	105557031
Transport temperature	Room temperature
