Description

The models with suffix M have a verification approval and are therefore suitable for use in legal-for-trade applications such as determining a sales price by weight[[1]] With the TÜV test mark: the scales meet the requirements of the standard: EN 13155 (loose load receptors/breakage safety) and EN 61010-1 (electrical safety); Due to the stable construction and rugged design: ideally suited for long-term use in industrial environments; High mobility:: Thanks to battery operation and compact, lightweight design, suitable for use in multiple locations (production, warehouse, shipping, etc.); Hold function: : when weighing stops, the weight display is automatically "frozen" until the hold button is pressed; Taring:: Resetting the display to "0" when the scale is loaded. Now removed or added loads are directly displayed; Solid shackle, not rotatable; Radio remote control: standard. Range up to 20 m. All functions are selectable (except ON/OFF). W×D×H 48x10x95 mm. Batteries included 2x 1.5 V AAA;

Additional Information

No.	KP-9070
