Description

NEW: The models with add-on -M have a verification approval and are therefore suitable for use in legal-for-trade applications such as determining a sales price by weight NEW: The models with add-on -IP67 have a special dust and splash protection according to standard IP67 and are therefore suitable for use in harsh environmental conditions[[1]] With the TÜV mark of conformity, the scales meet the requirements of the standard: EN 13155 (loose load receptors/breakage safety) and EN 61010-1 (electrical safety) Due to the sturdy construction and robust design, ideally suited for long-term use in industrial environments High mobility: thanks to battery operation and compact, lightweight design, suitable for use at several locations (production, warehouse, shipping, etc.) Hold function : when weighing stops, the weight display is automatically "frozen" until the hold button is pressed Tare: Resetting the display to "0" when the scale is loaded. Now removed or added loads are directly displayed Massive shackles, not rotatable Radio remote control standard. Range up to 20 m. All functions are selectable (except ON/OFF). W×D×H 48x10x95 mm. Batteries included 2x 1.5 V AAA
