Description

HistoBond +S slides green, 100/pack HistoBond+S slides with adhesive surfaces for reliable attachment of tissue sections, glass, approx. 76x26x1 mm, with 90° ground edges, with green writing on one end, for applications according to EU Regulation 2017/746 for in vitro diagnostic medical devices (IVDR), with CE-mark, recommended use date and lot number for comprehensive information and traceability, packed per 100 pieces in plastic boxes, 2,000 pieces in outer carton. HistoBond +S slides have all the properties of our HistoBond + product range, but have a higher charge density, which significantly increases the adhesion between the slide and the tissue section.

Additional Information

No.	MD-0218
Manufacturer (Brand)	Marienfeld
Transport temperature	Room temperature
