Product Images

Description

Self-adhesive clear pouches without fold with manually closable self-adhesive strip (width 19 mm) engagement opening for easier opening by peeling.
With steam and EO gas indicator.

For packaging of various products (linen, trays, bandages, compresses, medical instruments, etc.) subjected to sterilization by steam, GAS (EO and FO). The paper meets the requirements of ISO 11607/EN868. It consists of paper 68 g/m² and film 12 mμPET/38 mμPP, indicators for steam, EO and formaldehyde sterilization. Not suitable for hot air, gamma and hydrogen peroxide sterilization.
