Product Images

Description

Extremely lightweight underwire hearing protection (only 10 g) with excellent wearing properties. Can be worn in three positions: above the head, under the chin or in the neck. Therefore, it does not get in the way of other protective equipment such as glasses, mouth guard or helmet. No feeling of pressure in the ear, as it is only put on.

- Plug made of soft PU foam, easy to clean.
- Is foldable and fits in the breast pocket of the lab coat.
- Made of non-conductive material, can also be used in areas with electrical voltage.
- According to EN 352-2: 1993.
