Product Images

Description

At only 18 g, the lightest safety glasses in the world!

Innovative technologies and high-tech materials for protection at the highest level.

The lenses are extremely thin and exceptionally clear.

With aerodynamically optimized and pre-curved lens geometry for best ventilation.

Colorless lenses made of PC with supravision coating, extremely scratch-resistant on the outside, permanently fog-free on the inside.

UV protection 2-1.2 according to EN 166 + EN 170.

The frame made of Grilamid® is of ultra-lightweight construction and guarantees maximum flexibility.

Temples with innovative technology enable a perfect fit and slip-free fit.

Excellent fit also for narrower (ladies') heads!
