Product Images

Description

Very low breathing resistance for long application comfort due to the exhalation valve. Our preformed respirators are completely free of adhesives and solvents, due to the special texture a high elasticity is achieved. The innovative Micronet is more resistant than other filter materials and protects against dirt, dust, liquids and even mechanical stress. Our masks fit perfectly to different head shapes and can be wonderfully combined with other PPE. - with exhalation valve - protection level FFP3 - filter class P3 - EN 149:2001 + A1:2009 - packaging unit: 10 pieces
