Product Images

Description

Respirator against particles from 3M, with innovative filter medium.

The patented Cool Flow valve facilitates exhalation and prevents heat build-up under the mask.

Preformed mask body, flexible nose clip. Dimensionally stable in humid and warm environments.

Adjustable elastic straps for tight fit.

Maintenance-free with long service life in accordance with the requirements of DIN EN 149.

The mask complies with EN 405:2001 and bears the CE mark.

Order No. 2-2082

Use limit: 10-fold limit value
