Description

The BLS half masks of the 4000 series with the patented B-Lock technology fit perfectly and have a high wearing comfort. The half mask can be completely dismantled and cleaned very easily and quickly – within just one minute the mask is ready for use again. The mask bodies are available in two sizes to ensure an optimal fit. The specially designed strap and closing method avoid imprint marks and uncomfortable pressure, the mask is hardly noticeable. Due to the B-LOCK system, the filter always sits 100% securely on the mask. – modern young design: a mask becomes an eye-catcher! – perfect combinability with other PPE articles of alternative manufacturers, even with full-face goggles of various manufacturers – material: silicone, hypoallergenic – valve: polyamide – exhalation valve: silicone – weight: 240g – standards: EN 140:1998, EN 143:2007, EN 149:2009, EN 405:2001+ A1:2009 – Follow the requirements of European Regulation 425/2016 (Personal Protective Equipment) – Certified as 3rd category personal protective equipment, with compliance to EN 140:1998 standards – They are certified and tested according to module D at Italcert S.r.l. (Personal Protective Equipment) – Marked with CE – BLS Management System is certified with ISO 9001:2008
