Product Images

Description

DURAN® built-in filter, Ø 30 mm, porosity 2 In addition to solid-liquid filtration, filtration or separation of reaction mixtures from the gas phase is also possible. If, for example, an installation filter is installed in a hose system, it filters solids from the gas phase and thus purifies it. Special features and advantages: Installation of the filter in a piping system makes it possible to purify a carrier gas Burnt-in and therefore permanently durable white print Application: Installation in gas lines to free the gases from mechanical impurities (e.g. dust), Qualitative analysis and preparative chemistry, Filtration at reduced pressure, Filtration

Additional Information

No.	SD-1899
Reg. trademark	DURAN ®
Manufacturer (Brand)	DURAN
VGKL number	112585502
EAN	4058072355746
Manufacturer EAN	4032051036505
Gross weight	0.029
Storage temperature	Room temperature
Transport temperature	Room temperature
Net weight	0.02600 kg
Material	Borosilicate glass 3.3
Country of origin	Hungary
sterile	No
Packaging volume	0.00105600 ccm
Customs tariff number	70172000
