neolab® Magnetic filter holder, 300 ml, for aspirating bottles

€151.40
plus VAT &
Shipping

Product Images

Description

One filter holder for different bottles.

The magnetic filter holder is suitable for membrane filters with a diameter of 47 mm. The user-friendly design allows one-hand operation and avoids possible damage to the membrane.

You can use the magnetic filter holder with suction bottles. The connection to a vacuum is possible at any time due to the included olive. Due to the material PES the filter holder is autoclavable and has a high chemical resistance.

Continuous filtration is possible due to the filter lid.

Volume: 300 ml

Applications:

- Microbiological filtration tests
- General filtration of aqueous samples

Additional Information

No.	8-3000
Manufacturer (Brand)	neoLabLine
EAN	4058072086985
Transport temperature	Room temperature
Volume	300 ml
sterile	No
Spare part	8-3004 8-3005 8-3006 8-3007 8-3008
Material housing	Polyethersulfone (PES)
Type connection	Hose olive
Type filter	Magnetic filter holder
for DM hose inside 1	8 to 12 mm
