neoFroxx Brands

Biochemicals, life science reagents and media for your daily experiments

- Amino acids
- Reagents for electrophoresis
- Protease inhibitors
- Enzyme substrates
- Microbiological media
- Antibiotics
- Cell culture media
- Biological buffers
- DNase/RNase-free reagents for molecular biology

neoFroxx.com

High-value lab chemicals for analytical applications, syntheses and production.

- Solvents
- Buffer standard solutions
- Volumetric solutions
- Acids
- Bases
- Salts
- Many different qualities available!

neoFroxx company presentation

neoFroxx Partners: PENTA

A background image of a laboratory setting featuring various pieces of glassware such as beakers, flasks, and a graduated cylinder. A blue semi-transparent banner is overlaid across the middle of the image, containing text and a logo. The banner has a white arrow-like shape on its left side pointing right.

„Our chemicals are intended for use by laboratories, hospitals, research institutes and large-scale manufacturing plants.“

neoFroxx Partners: PENTA

- founded in 1990 as a private company.
- Producer and supplier of laboratory, pharmaceutical and technical chemicals. **More than 2.000 products available!**
- Taylor made products.
- Integrated system of quality management and ecology in accordance with the standards ISO 9001:2015 and ISO 14001:2015.
- Awarded by the Association of Chemical Industry of the Czech Republic, by Sustainable Development Award as the first in the category of small and medium-sized enterprises for 2011.
- Activities are divided into three separated divisions.
 - ❖ **Production division** located in Chrudim, Czech Republic
 - ❖ **Sales and Pharmaceutical division** situated in Prague, Czech Republic.

neoFroxx Partners: HiMedia Laboratories

HiMedia Laboratories has been committed for over 40 years to provide optimal and innovative solutions for microbiology, cell culture and molecular biology.

Today

- Largest range of culture media in the world
 - Over 5.000 products in microbiology.
 - Necessary certifications and accreditations
 - Export to over 150 countries
- Caters both to the private and public sector; **top customers are from the food, pharma, hospitals and clinical segments**
 - OEM supplier to reputed international brands; joint label with VWR USA
 - Revolutionizing the field of microbiology: Introducers of HiVeg™ and HiCynth™ media reducing TSE/BSE risk!

History

Established in the year 1975 as Hindustan Dehydrated Media in Mumbai, the company started its mission to provide high-quality ready-to-use media to scientists, and small companies. Over the years, the company (now named HiMedia Laboratories) is counted amongst the world's few companies possessing the high-tech know-how for manufacturing microbiological culture media.

HIMEDIA®

For Life is Precious

neoFroxx Partners: HiMedia Laboratories

NEW!

Life Science at your doorstep !

*Obtain the complete HiMedia product range
from the new european warehouse!*

- **More than 25.000 products!**
- Dehydrated microbiological media
- Broadest spectrum of chromogenic media worldwide
- Granulated media
- Customized media production

- Vegetable peptones
- Antimicrobial susceptibility tests
- Differentiation aids
- Animal cell culture media and reagents (powder and liquid)
- Plant tissue culture media

...and much more!

neoFroxx Partners: HiMedia Laboratories

- ISO 9001 : 2008 Certified
- ISO 13485 : 2003 Certified
- WHO GMP Certified Good Manufacturing Practices;
Richtlinien zur Qualitätssicherung der Produktionsabläufe und -
umgebung
- CE marking for majority range of products
Freiverkehrsfähigkeit im Europäischen Binnenmarkt
- FDA registered products
- In Pipeline : USFDA 510(K) Certification for
In vitro Diagnostics

neoFroxx: Exclusive distribution within
Germany and Cuba

neoFroxx Partners: Biological Industries

Biological Industries (BI) has been committed for over 30 years to provide optimal and innovative solutions for cell culture practice.

- founded 1981 in Kibbutz Beit Haemek, Israel
- **Manufacturer of media, sera and auxiliary products for cell culture** and molecular biology (research and diagnostics).
- Products are exported via distributors to more than 55 countries throughout the world as well as to OEM partners.
- Exclusive distributor in Israel for companies such as Sartorius-Stedim, Promega, ATCC
- Today, BI employs 85 people and offers **more than 1.100 products!**

Alon Ariel | CEO

Gilad Landes | VP, Sales
& Marketing

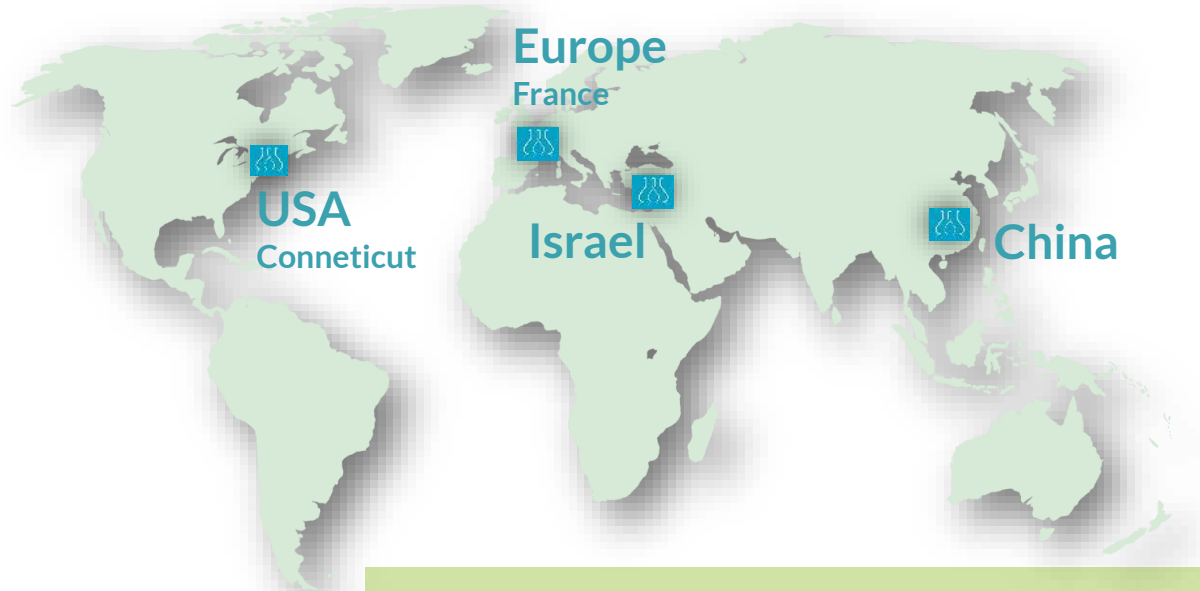

David Fiorentini | VP, for
Scientific Affairs

neoFroxx Partners: Biological Industries

- ISO 13485:2003 and ISO 9001:2008 certified
- Media products and diagnostics products (In-Vitro Diagnostic devices, IVD) are CE-marked
- BI is fully committed to the current **Good Manufacturing Practices (cGMP)** comprising the internal GMP policy as well as local law and international guidelines adopted by the U.S. Food and Drug Administration (FDA) and European Medicines Agency (EMA)
- EDQM certified European Directorate for the Quality of Medicines & HealthCare; allows BI's sterile fetal bovine serum to be used in the production of drugs

neoFroxx Partners: Biological Industries

neoFroxx: Distribution within Germany and some GUS countries

BI products are exported via distributors to more than 55 countries throughout the world as well as to OEM partners. Local distributors for BI products are listed on the website: <http://www.bioind.com/distributors/>

neoFroxx Partners: neoLab

One of Germany's leading suppliers of laboratory products with an experience of more than 50 years!

- laboratory equipment
- laboratory consumables
- laboratory supplies of all kinds
- special laboratory products for scientific and industrial research purposes
- 300.000 products available

neoLab employees will be able to advise you on both, laboratory projects and individual complex products.

Specification

Product: B133 Protein Ladder (25kDa)

Brand: Labchem

Property	Value
Molecular Weight	25 kDa
Concentration	1 mg/ml
Form	Lyophilized
Storage	-20°C
Stability	1 year
Lot No.	10000000000000000000
Exp. Date	2025-12-31

neoFroxx GmbH
www.neoFroxx.com

Certificate of Analysis

Product: B133 Protein Ladder

Brand: Labchem

Parameter	Value	Unit
Protein Content	98.5	%
Moisture	1.5	%
Residual Solvent	< 0.1	ppm
Heavy Metals	< 10	ppm
Endotoxin	< 0.1	EU/ml

neoFroxx GmbH

PRODUCT INFORMATION

Product: B133 Protein Ladder (25kDa)

Brand: Labchem

Section 1: Product Description

Section 2: Application

Section 3: Storage and Stability

Section 4: Handling and Safety

Section 5: Contact Information

neoFroxx GmbH
www.neoFroxx.com

neoFroxx provides you with any document that is required to inform you about safe handling, physical data, quality parameters and application!

- Specification / CoA
- MSDS
- Product Information (technical data sheet)
- other certificates / statements (e.g. CoO)

neoFroxx Distribution

neoFroxx is already available in more than 35 countries!

We have a growing worldwide network of dedicated distributors. Our distributors share our high standards in service and technical support.

Logistics

- Optimized to offer the most economic, efficient and ecofriendly solution possible
- Orders are sent out within three to five business days

Why **neoFroxx** ?

- Reliable partner with expertise
- Highly flexible
- High-quality products (Certified according to ISO 9001:2015)
- In total approx. 32.000 products available
- Fair prices
- Outstanding service – We care for you!

Grab the best...

... go green!

A 3D rendered green frog with red eyes and orange feet, positioned above the text "... go green!".
